

Kirszenbaum — Technical Rider

What we bring with us

Kuba (guitarist, lead singer)

- Electro-acoustic guitar + electric guitar + pedalboard + looper + Korg Volca Drum (all through a Markbass Little Mark III amplifier with XLR output + a Markbass Standard 151 Black cabinet with 2 speakers)
- Roland SPD::ONE KICK (a digital percussion pad with a Jack mono output)

Kacper (fiddler, backing singer)

- Electro-acoustic fiddle + pedalboard + looper (all through a Blackstar Artist 15 combo with 1 speaker)

Laptop (optional)

- MacBook, for displaying collage films during the show (HDMI or VGA)

What we need from you

On stage

- 2x vocal microphone + stands and cables
- 1x amp microphone + stand and cables (for the fiddle amp)
- 1x XLR cable (for the guitar amp)
- 1x DI-box mono for the Roland SPD::ONE KICK + cables
- 1x DI-box stereo for the Korg Volca Drum
- 2x monitor speaker (with a separate mix on each monitor) + cables
- Power sockets (2 for the amps + 6 for the pedalboards)
- Optional: 1x kick-drum microphone + stand and cables (for the guitar cabinet)

Front of house

- A PA system with a separate subwoofer
- A live sound engineer present throughout the show
- A mixer with built-in reverb capabilities (for the vocals)

Backstage

- **Noncarbonated** water (4 large bottles + 4 small bottles)

If we are to show collage films during the show, we'll also need:

- 1x digital projector (HDMI or VGA), with no screen (if possible, we're projecting straight onto the stage)
